

# INFO PACK

for project „SPEAK UP”

**21 June – 30 June 2021**

**Bansko, Bulgaria**

Co-funded by the  
Erasmus+ Programme  
of the European Union

By implementing this project we would like to direct attention and show the importance of the increasing number of young people in potential risk of radicalization. This topic is not being talked a nether in public, schools, universities but we think that it's essential to be done right there due to the high number of people falling into the danger of being radicalized. The exchange will raise an important social discussion, tackling essential social issues, related to the security of Europe, safety of young people, the reality of media propaganda, the existing extremist movements, putting in danger youth. Special attention will be drawn at importance of social inclusion of youth from deprived backgrounds and with fewer opportunity-a huge potential victim of radical movements and ideas, that can be easily manipulated. Moreover, we will also draw attention to role of social media and propaganda, hate speech as a tool to provide sense of belonging and meaning for youth, falling into social exclusion due to several reasons. By implementing this youth exchange we will SpeakUP + about such important topic, we will engage number of young people across Europe which will multiply the acquired skills, knowledge to their friends and family. Moreover, the main idea is also to involve youth themselves, to give spot to raise their voice and SpeakUp and not be only part of statistics, related to the issue of violent extremis and radicalization, but rather be informed, aware and part of prevention themselves. The main objectives we have in the project are:

- To have deeper understanding on the concept of radicalization – how it starts, what are it's effects and how media influence it
- To raise awareness on existence of different extremist movements and recruitment ways – so that we could lower the risk of radicalization
- To raise awareness on hate speech issue, being used a tool to provoke by extremists movements
